DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

- Figures 1a-1c, 2a, 2b, 3a-3e, 4a, and 4b, "Prior Art" should be labeled.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claim 1 recites a radial line slot antenna comprising an antenna disk which has a slot element on the front side and a feeder section at the center of the rear side, a feeder disk where the antenna disk is mounted contacting the rear side thereof, a maker with a maximum side of about 0.1\(\lambda\) or less disposed at an area or distance about 0.5 (D-\(\lambda\)) to 0.5D from the center on the rear side of the antenna disk, and the feeder disk further comprises a through hole with a size with a size sufficient to view the marker at a position the same as the position of the marker, and the marker is a marker for positioning the antenna disk on the feeder disk after confirming that the marker is positioned at the center of the through hole.

None of the prior arts shows or suggests this slot antenna.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably Application/Control Number: 10/642,580

Art Unit: 2821

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tan Ho whose telephone number is (571) 272-1822. The examiner can normally be reached on M-F (8:00AM - 5:00PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Don Wong can be reached on (571) 272-1834. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
